

## MUSIC FOR YOUR...

### Civil Ceremony would typically include

- music lasting thirty minutes while your guests arrive,
- music for the entrance of the bride,
- music while the registers are signed and
- music to which the married couple and guests may leave.

### Church Service would include

- music lasting thirty minutes while your guests arrive,
- a bridal march of your choice (music for the entrance of the bride),
- three hymns (more or fewer if you like) of your choice
- a wedding march of your choice to which the married couple and guests may leave.

**Wedding Breakfast** would be a programme of ambient 'background' music during your guests' arrival and dining, comprising light classical works, Jazz standards and ballades, show tunes and the like. The music would last three hours in total, including a couple of ten-minute breaks.

Alternatively, James's Jazz piano and voice duo, **The Standards**, could provide a set of favourites such as *I've Got You Under My Skin*, *Come Fly With Me* and *What A Wonderful World*.

### Further Options \*

- Additionally, James is a classical baritone and Jazz singer and could provide songs of your choice for the ceremony or service, usually during the signing of the registers.
- If you already have a soloist in mind, either instrumental or vocal, James would be pleased to accompany him/her.
- If you're after something a little different, James can arrange for (and sing in) an *a cappella* vocal ensemble (usually of four to six singers) to sing anything from Brahms to Barbershop as part of your ceremony or service. Music lovers may be interested in completing their 'Hengrave experience' by selecting music written by madrigal composer John Wilbye (or one of his contemporaries) who used to live and work in Hengrave Hall itself from 1592 to 1628.

## WEDDING MUSIC PRICELIST
