

## **The Standards ~ repertoire**

The core of The Standards' repertoire comprises Jazz standards, songs from musicals, 'show tunes', cabaret numbers and the duo's own arrangements of popular, slightly more recent songs such as numbers by Stevie Wonder, Billy Joel, Ray Charles, Michael Jackson and James Taylor, and songs made famous by singers such as Frank Sinatra, Dean Martin and Harry Connick Jr. The Standards duo, whilst including favourites like *I Get A Kick Out Of You* in a typical set list, often puts a different spin on the most well-known titles and always strives not to lose sight of the lesser-known repertoire, brushing the cobwebs off songs like *Sympathique* and taking inspiration from artists like Bobby McFerrin. The duo's singers, all versatile in a variety of languages (some bilingual) allow for the option to include various songs in different languages such as French translations of songs like *Autumn Leaves* and *September In The Rain*, and songs such as *The Girl From Ipanema* in its original language.

If you have any particular requests (for example, a 'first dance' request) please don't hesitate to contact us and we'll work it into our set. Even if we don't know the song or haven't performed it before, we'll be happy to add it to our repertoire in our own way!
